Send me an email jollypixelgames@gmail.com Pixel Soldiers: Saratoga 1777 2.1 APK 1777, a year with three gallows in this, and perhaps the most remissing year of the American War of Independence. The British had to control The river valley and crushed the colonial. The campaign was a failure, and in the end BritishGeneral John Burgoyne was forced to surrender to the Americans.As it turned out he was able to strike a mighty blow against the Empire that the sun did not stray on, victory at Saratoga persuaded The Munch to support the rebels and enter the war. It was over for British rule over 13 colonies. How are you going to do that? Fight for a crown or colony in Pixel Soldiers:Saratoga, the next great wargame from the Jolly Pixel in the celebrated Pixel Soldiers series (Bull Run, Gettysburg, Waterloo, and TheGreat War)! Saratoga is a turn-based strategy/war game that is addictive gameplay that is casual enough to pick up and play while still involving a lot of depth. With robust AI, sevencenarios, and sandbox mode to never end the war, Saratogafeels as a fully equipped PC game shrunk down to fit in your pocket. Saratoga has seven scenarios, mostly based on historical battles. Some battles have been wrapped up to play, with battles ranging from small to huge. Included are: • CrownPoint (hypothetical). • Ticonderoga (large dimension, pulled from reality for multiple pixels on pixel violence). • Hubbardton (small/medium-sized, historic). • Fort Stanwix/Oriskany (combines the ambush of Oriskany and the siege of Stanwix into one participation scene). • Bennington (minor historical battle). • Freeman'sFarm a.k.a. First Battle of Saratoga (large, historic). • BemisHeights a.g. Second Battle of Saratoga (historic, and quite large scale!). Saratoga boasts these wonderful features that will surely please you in the inner grognard: • Turn around on a friendly, sparing that can be easily waged to war on the way. You can save a variety of ongoing campaigns. • Exercise. • One player against an impressive AI orhot seat against an opponent. • A multitude of units in your unit, all dressed in their best pixels: British Line Infantry, Grenadiers, Guard Infantry, Light Infantry, German Mercs, Jaeger/Riflemen, Loyalists, Indians, Medium and Light Artillery, AmericanMusket and Rifle Militia, Continental Regular, Veteran Infantry, Light Infantry, Riflemen, Lightweight and Medium Artillery. Bateaux also appears in the order of battle! • Units are not a cookie cutter in nature and each performs a different role on the battlefield, which gives the player a lot to consider. • Asandbox mode for infinite replayability after the end of campaigns. It includes previous maps of sandboxes and a new one titled King's Mountain. In addition, a new method has been added – Fighting death. • Classic warning elements: morality, visible line, importance of terrain and wins through strategy, not happiness. • New in the series, leading points! Represents command and control you will never have enough points to do whatever you want (or need) to run. • The leading points can be used to lead the unit into battle (for a combat boost) to order a double march and recover and troops that have become ruthless or diverted. • Some of the new Pixel Soldiers additions that are seen for the first time include the inclusion of a new phase of direction at the end of the turn, more feedback in the game and meleé fighting even more deadly than before. •Improved sound and visual representations while maintaining the classic Pixel Soldierslook. You can almost smell the powder that hovers on the windlling the best retro/turn based wargame series on your Android, download Pixel Soldiers: Saratoga today! Relive the good old dane pressing counters or maneuvering tin soldiers, all for coffee prices! I always want to produce the best, so if you have any questions, comments, or ideas please let me know!
